SUMMARY

IT support professional delivering first-level technical support via phone, email, and ticketing systems across enterprise environments serving **50+ users**. Fluent in **Active Directory**, **Microsoft 365**, Windows, and network troubleshooting (Wi-Fi, VPN, DNS, DHCP), with a track record resolving hardware, software, and connectivity issues and documenting fixes that cut repeat tickets. **A.A.S. in Cybersecurity**, **CompTIA Security+**, ready to contribute day one.

TECHNICAL SKILLS

Help Desk & Support: First-Level (L1/Tier-1) Support, Ticketing Systems, Phone & Email Support, Remote Support (RDP, TeamViewer), Password Resets & Account Lockouts, Incident Documentation, Knowledge Base Articles, SLA Management, Escalation, ITIL Basics, Customer Service
Systems & Networking: Active Directory, Microsoft 365, Group Policy, Azure AD, Windows, Windows Server, VMware, Hyper-V, TCP/IP, DNS, DHCP, VPN, Wi-Fi, VLANs, Subnetting, Firewalls, Cisco Packet Tracer

Microsoft Office: Word, Excel, PowerPoint, Outlook, Teams, OneDrive, SharePoint

Scripting & Security: PowerShell, Python, Bash, Security+ concepts, Endpoint Security, Log Analysis, Incident Response basics

PROFESSIONAL EXPERIENCE

Test Technician

Feb 2026 – Present

Ingrasys (Foxconn Technology Group)

Houston, TX

- Perform **server-level validation**, diagnostics, and full system verification on enterprise AI server hardware, identifying and resolving hardware faults prior to customer delivery.
- Verify boot sequences, component functionality, and firmware integrity on assembled units; log defects and replace faulty components (**RAM, drives, cabling**) to bring units to passing status, coordinating handoffs to keep the line moving.

Warehouse Equipment Operator I

Dec 2024 – Nov 2025

Ferguson Enterprises

Brookshire, TX

- Resolved **30+ daily support requests** covering RF scanners, wireless devices, printers, and peripherals across a **200,000+ sq ft facility** serving 50+ active users, restoring devices to service and minimizing downtime.
- Authored **5+ knowledge base articles** documenting common fixes, and configured, set up, and tracked RF scanners and mobile devices before deployment to users to ensure equipment was accounted for and serviceable.

IT Support Associate

Aug 2022 – Dec 2024

Amazon

Katy, TX

- Provided **first-level technical support** for mobile logistics and dispatch applications used across **150+ daily routes**, troubleshooting GPS routing and connectivity issues for drivers and end users to help sustain a **98%+ on-time rate**.
- Partnered with technical teams to escalate and track recurring system issues, monitoring internal dashboards and resolving application errors directly to minimize downtime and disruptions.

Cashier

Sep 2018 – Aug 2022

H-E-B

Sugar Land, TX

- Delivered fast, accurate service on **200+ daily POS transactions**, resolving checkout errors in real time to keep wait times low and customers satisfied.
- Resolved customer questions, complaints, and returns with patience and professionalism in a high-volume retail environment, maintaining a safe, welcoming store entrance and turning frustrated shoppers into repeat customers.

TECHNICAL PROJECTS

- **IT Automation Toolkit** (PowerShell, Active Directory, WMI/CIM): Built an **8-module** PowerShell toolkit automating Active Directory user lifecycle, system diagnostics, workstation deployment, and automated alerting, including an AD audit tool with a **0–100 risk scoring dashboard**.
- **Enterprise Network Simulation** (Cisco Packet Tracer): Designed a campus network with **3 VLANs**, Inter-VLAN routing, 802.1Q trunking, NAT, and ACL-based edge security; achieved **100% pass rate**.
- **Python Security Tools Portfolio** (github.com/seanibeziako): Developed **9 Python tools** spanning log analysis, network scanning, and automation, including a SIEM log analyzer, vulnerability scanner, and phishing email analyzer.

EDUCATION & CERTIFICATIONS

Bachelor of Science, Information Technology

Western Governors University

Associate of Applied Science in Cybersecurity

Texas State Technical College

CompTIA Security+
